

The Western District of Oklahoma will be moving its electronic case filing (ECF) system to a central server this weekend. During the migration, the District's ECF system will not be available for filing or viewing documents.

The system will be off-line beginning Friday, September 11, 2015 at 4:00 p.m. We anticipate the system will back on-line on Sunday, September 13, 2015 at 7:00 a.m.

Because the system will be down for more than 2 hours, § II.F.1 of the ECF Policies & Procedures Manual will apply:

F. TECHNICAL FAILURES.

1. Court's ECF System.

a. A technical failure exists when the ECF System is unable to accept filings over the course of any period of time greater than 2 hours after 12:00 noon that day. The ECF System will be unable to accept filings during periods of routine system maintenance, which will usually occur on Saturdays and Sundays from 7:00 a.m to 5:00 p.m. Check the Court's website for postings regarding any ECF System outages.

b. Should a filing be untimely because of a technical failure of the Court's ECF System, the filer may seek appropriate relief from the assigned judge.

We apologize for the inconvenience.
