In addition, those judges who are scheduled to hold criminal jury trials may place civil cases from their April 2021 trial dockets on a trailing docket to be tried if the selected criminal matter is resolved before trial. Counsel will be advised by the presiding judge if their civil case is set on the April 2021 docket. Otherwise, civil jury trials on the April 2021 docket are continued, to be reset by the presiding judge. The presiding judge will also address trial-related deadlines.
